*Establishments of
Teaching of the
County*

The Municipality of Tábua informs that all the establishments of Teaching of the County are functioning normally, with the exception of the Kindergarten of Covas, that will reopen once the minimum conditions are restored.

It is further reported that the Midões Kindergarten has been functioning since the present day, October 19, 2017, at the EBI Margarita Fierro Caeiro da Matta facilities.

NOTE: Students who have been left without school textbooks, as a result of the fires that have devastated our municipality, should go to the Tábua School Group (class director), where the need for manuals and school material is being surveyed.
