Schedule
09h00m – 22h00m
Monday e Sunday

The Municipality of Tábua, through its Office of Support to Fire Victims, has verified the need to fill the lack of the following materials to distribute for the victims of the fires:

- Crockery;
- Kitchen utensils;
- Farm tools;

Join this solidarity campaign, with the donation of these materials in the Pavilion Multiusos de Tábua.

It should be noted that all contributions made so far have had a significant impact in our county by benefiting the population most affected by the fires, namely food, clothing, personal care products, among others.

Thank you all for the vital role you play in the success of our supportive actions.
